

STEPPING STONE SCHOOL CONTINUES TO SERVE THE KYLE COMMUNITY

As an Essential Service, Stepping Stone School continues to provide high-quality early care and education to the children in the Kyle community. During this critical time in all of our lives, we know you are juggling a great deal. Most of you are continuing to work, yet your children are no longer going to elementary school.

What Stepping Stone School is doing during this crisis:

- We are practicing Social Distancing and following the guidelines of nine children and one teacher in each classroom at all campuses. The children and teachers remain the same daily.

- We are following all Federal, State, Community and County orders regarding flattening of the curve.

- TX state licensing representatives continue to make visits ensuring all health, cleanliness, safety and state licensing regulations are being followed.

- Temperature readings of the children and our teachers are conducted with gloves and alcohol wiping between each use. Parents are not allowed to enter the building and children and our teachers receive health screenings multiple times daily.

- We are providing school age full-time care until our full-time summer camp begins. A daily school age curriculum based on the Texas Essential Skills (TEKS) is provided.

We are here for you!

As a school community, we remain vigilant and proactive in taking the appropriate actions and precautions to safeguard the health and welfare of our school community, while still maintaining as much educational continuity and consistent routine as possible for our students. We remain honored and prepared to serve our corporate partner families with full health compliance and protocols, optimism, laughter and love!
